ICE PACKS IN MOTION.

Gorges in the Allegheny Broken and the Mass Sweeps Down Stream.

RIVER TOWN RESIDENTS WARNED.

High Winds and Heavy Rains Create Havoc in Every Part of the Country—Loss of Life and Destruction of Property.

Pittsburg, Feb. 28.—The great gorges in the Allegheny river are broken and the ice is sweeping down on the city. Caught in the swiftly moving ice packs were two steamboats, the D. T. Watson and the George Browdy, with a crew of four. The Watson was reported from Montrose fighting her way against the heavy ice in the middle of the river. It is considered extremely doubtful whether she will be able to survive. The Browdy is off the mouth of Sandy Creek in an exactly similar position. The residents of the river towns have been warned of the approaching ice and preparations have been made to flee to higher ground in the event of the ice gorging again, causing the river to overflow.

The ice gorged again at Montrose, Six Mile Ferry and Sharpsburg and it was still intact at Brilliant station. At Montrose it is piled 30 feet high from shore to shore. The Freepoint road is under two feet of water and all the houses along the road are partly submerged. Rope's ferry was completely wrecked and two sand boats badly damaged. The lower sections of Verone and Creswick are under water and many houses flooded.

The gorge began to move again at Sharpsburg, four miles above the city. It is 14 miles in length and the head reached Pittsburg about noon. So far no serious damage has resulted here, but the river is rising fast and the residents in the flat sections are preparing for a flood. Fears are entertained for the new Fort Wayne railroad bridge and heavy loaded freight cars have been placed on it to hold it down. A heavy rain fell all morning and from 20 to 50 feet of water is predicted. If it reaches 25 feet the lowlands will be submerged, causing the suspension of work in many plants and enforcing idleness upon all conditions of workmen. At Sylvania and Verona water quickly backed up and 500 people are homeless.

Towns Flooded.

Asheville, N. C., Feb. 28.—All railway traffic in the mountains is completely paralyzed as a result of the storm. The French Broad river is the highest ever known, all manufacturing plants on the banks have been forced to close. A large number of houses on the lowlands near the river were cut off by the water and the occupants were taken out in boats. The river rose over a 13-foot wall at Marshall, N. C., and flooded the town. Several small freight wrecks are reported. The water is reported 10 feet deep in one place on the Murphy division of the Southern railway. In Asheville car traffic was suspended.

Lives Lost.

Atlanta, Feb. 28.—The storm which swept over the southeastern gulf states has apparently passed north and out to sea, Charleston feeling its force, the wind registering 43 miles an hour. The heavy rains have raised the water to flood height in the Chattahoochee, Alabama, Ocmulgee and Savannah rivers and financial damage is reported in Georgia and Alabama. Four lives were lost as a result of a wreck caused by a washout near McDonough, Ga. Numerous freight wrecks occurred from the same cause.

A Cloudburst.

Reading, Pa., Feb. 28.—Reading was visited by a cloudburst which did great damage. A 16-foot flood is now raging in the Schuylkill river. Water backed into some of the industries in the lower section and they were obliged to close down. Hundreds of cellars filled with water and in a number of houses along the river the inmates had to be taken out in boats. Near Reading several dams burst and hundreds of acres were under water. In the country districts great damage is reported.

Violent Gale.

Cleveland, O., Feb. 28.—One of the most violent gales experienced in years prevailed throughout northern Ohio. At the local weather bureau office the wind from the start registered a velocity of 64 miles an hour. Telephone and telegraph poles and wires were prostrated in many places, with the result that service is seriously affected. It will probably require several days to fully repair the damage.

MARRIED BY RAIN.

Prince Henry Puts In a Day at the Annapolis Military Academy.

Washington, Feb. 28.—Prince Henry and suite with the president's delegates left at 10 a. m. for Annapolis. In the party were Secretary Long, Senator Hale of Maine, chairman of the senate committee on naval affairs, Rev. V. Foss of Illinois, chairman of the house committee on naval affairs; Assistant Secretary of State Pierce, A. D. Bowles, Endicott, Kenney, O'Neill and Bradford; Commander Bowles, Captains Sigbee and Lemly General Haywood of the marine corps and Chief Wilkie of the secret service. Admiral Evans did not accompany the party, owing to a lame knee. The rain was falling in torrents as the train pulled out.

At Annapolis the exercises were marred by rain, but the reception of the prince was enthusiastic. The cadets marched passed the prince in review on the sodden field, and the visitors were then hurried into their carriages and driven through the academy grounds. They visited the cadets' quarters, the mechanical laboratory and also looked over the new buildings that are being erected. The distinguished party then returned to Washington.

Prince Henry and party departed tonight on a tour of the United States in the Olympia, the private car used by the late President McKinley. The royal train consisted of seven cars, luxuriously equipped. The prince will pass through 14 states and the leading cities as far west as St. Louis. He will reach Columbus at 4:20 p. m. Saturday and Cincinnati at 8 p. m., brief stops to be made at each point. He will visit the battlefields of Look-out mountain, Bunker hill and probably Bull Run. He will be invited to visit the great breweries of St. Louis and Milwaukee. Chicago, the great lakes, Niagara and the Hudson will be observed on the return trip.

Prince to Receive Degree.

New York, Feb. 28.—Prince Henry of Prussia, it is reported, will receive an honorary degree from Harvard on March 6. It is believed that further details as to the gift of works of art to the university by the German emperor will be made public at that time.

ROOF COLLAPSED.

Two Men Killed and Three Injured at a Chicago Plant.

Chicago, Feb. 28.—Two men were killed and three were injured by the falling of a furnace roof at the plant of the South Chicago Furnace company. The dead: Frank Russell, head crushed; Michael Jackular, body crushed. While the three men who were injured are in a serious condition, it is said they have a good chance of recovery. The accident is supposed to have been due to the weakening of the steel trusses supporting the galvanized iron roof.

Fortune For a Colored Porter.

New York, Feb. 28.—George W. Thurston, colored, a former Pullman car porter, will receive the greater part of the estate of Mrs. Eliza Jane Evans, white, valued at from \$75,000 to \$100,000. Mrs. Evans' will, which was contested by her divorced husband and relatives, has been admitted to probate by Surrogate Fitzgerald. "Thurston," the surrogate said, "seems to have been the only one to whom she clung during the latter years of her life. When she had been forsaken by her relatives he cared for her and did what he could to administer to her comfort."

Distinguished Soldiers.

San Francisco, Feb. 28.—Among the troops which arrived on the transport Hancock from Manila were Captain George A. Detchemendy, Lieutenant Parker Hitt and 34 enlisted men of Company T, Twenty-second infantry, from Baler, Luzon, the most remote station in the Philippines. It was this company of soldiers who after many hardships ran down the Filipinos carrying messages from Aguinaldo, which furnished the necessary information which was used by General Funston in the capture of Aguinaldo.

Philadelphia, Feb. 28.—The three-masted schooner Annie T. Bailey, lumber laden from Savannah, for Philadelphia, is ashore near Cape Henlopen, a few miles below the Delaware breakwater. She has eight feet of water in her hold. The British bark N. B. Morris from Rosario for Philadelphia is ashore a quarter of a mile north of Cape Henlopen. Life saving station. The crew was landed. The vessel is leaking badly.

Shot His Wife.

Chicago, Feb. 28.—Enraged because his wife, who had left him and taken their three children, would not return, Fred Wagner shot her four times inflicting fatal wounds.

SENATORS CENSURED.

Tillman and McLaurin Punished For Their Recent Outbreak.

PAIR NO LONGER IN CONTEMPT.

Three Reports Submitted by the Committee on Privileges and Elections, the Majority Being Adopted—Washington.

Washington, Feb. 28.—As soon as the journal was approved in the senate, Mr. Burrows presented a resolution of censure upon Senators Tillman and McLaurin. Following is the full text of the resolution recommended by the committee: "That it is the judgment of the senate that the senators from South Carolina, Benjamin R. Tillman and John L. McLaurin, for disorderly behavior and flagrant violation of the rules of the senate during the open session of the senate on the 22nd day of February, deserve the censure of the senate and they are hereby so censured for their breach of the privileges and dignity of this body; and from and after the adoption of this resolution the order adjudging them in contempt of the senate shall be no longer in force and effect."

The report of the committee further says that the offense of Tillman was much greater than that of McLaurin.

Mr. Bailey presented a report of the Democrats agreeing to the resolution, but dissenting from the majority that there were a difference in the gravity of the offense. They also disagreed to the views of the majority that a senator might be suspended. The report of the three dissenting Republicans submitted by Mr. McComas asserted that the offenses of the South Carolina senators were unequal and punishment should not be the same, the minority report favoring suspension of McLaurin for five days and of Tillman for 20 days. Mr. Pritchard did not concur with McComas and Beveridge, as to infliction of punishment of McLaurin and asserted that he had already been sufficiently punished.

The roll was called on the adoption of the report of majority of committee on privileges and elections. Senators Beveridge, Clark (Wis.), Deboe, Dietrick, Foster (Wash.), Kitttridge, Millard, Pritchard, Proctor and Scott voted "no" on the resolution. It was carried. McLaurin (Miss.) asked to be excused from voting on account of kinship with McLaurin of North Carolina. The latter declined to vote. Mr. Tillman also declined to vote, saying "That among gentlemen an apology for offenses committed in the heat of blood was sufficient." Mr. Kean (N. J.) having voted in the affirmative, said that in view of the remark of Mr. Tillman he would change his vote.

When the result of the vote was announced Mr. Burrows demanded that Mr. Tillman's be taken. When the words were read, Mr. Tillman said that he did not intend his words to be offensive and if they were he would withdraw them. "Without objection," said President pro tem. Frye "they will be withdrawn."

Mr. Hoar presented an additional rule looking to the prevention of such occurrences in the future, which was referred.

The conference report upon the consuls bill was then taken up. The senate agreed to the conference report on the consuls bill.

Senator Tillman was asked if he would have anything more to say regarding the action of the senate. He replied, "No, I'm done."

In the House.

Washington, Feb. 28.—This was private pension day in the house, but some preliminary routine business preceded the regular order. A resolution for printing 3,500 copies of the proceedings of the Schley court of inquiry was adopted after having been amended to include "The findings of the court, Admiral Dewey's opinion, Admiral Schley's appeal to the president and the president's decision thereon."

Baltimore, Feb. 28.—A dispatch from Cape Henry, Va., says the British steamship Yeoman, from Galveston for Liverpool via Newport News, is ashore at the point of Cape Henry. The Yeoman picked up the Spanish steamship Freza at sea, helpless, with a broken propeller and towed her into the Delaware breakwater on Tuesday of this week. After performing the service the captain of the Yeoman found himself short of coal and he decided to go to Norfolk to refill his bunkers before proceeding to Liverpool. It was while en route to the steamer port that his ship grounded at Cape Henry. A dense fog prevailed at the time.

Elder A. E. Zeigler, formerly of Orangeburg, enters upon his work as minister of the Wheeling Christian Church, Sunday.

Mr. R. K. Hoeflich contemplates remodeling and extending his Market street property for occupancy by the Elks.

The First Regiment Band, of Cincinnati, has been engaged to furnish music during the Kentucky Conclave of Knights Templars, to be held in Versailles May 20 to 22.

The House at Frankfort has withdrawn its demand for the resignation of Superintendent Doak of the State Reform School. The latter apologized for his words reflecting on a member of the House.

The Wells State uniformity school book bill was made a special order for to-day at 10 o'clock in the Kentucky House. The anti-school book bill fight is waged by Klair, of Lexington, and Drewry, of Louisville.

As a result of striking two "gushers" near Barbourville, the oil excitement in that section is running high. Over a hundred wells have been contracted to be drilled within the next two months in Knox County, and with the opening of spring will come an era of prosperity never before dreamed of in that part of the State.

The Maysville and Richmond train had a narrow escape from a disastrous wreck one evening this week near Riverside, a station in Clark County. The track near the mouth of a small tunnel had been covered by a landslide. A small boy living in the vicinity discovered the danger and flagged the train as it came out of the tunnel.

It is reported Superintendent Lewis, of the Kentucky division of the C. and O., with headquarters in Ashland, has resigned, and that his place will be filled by H. C. Boughton, of Ronceverte. Mr. Pierce, Engineer Maintenance of Way, of Ashland, to take Mr. Boughton's place, and E. M. Hoadley, of Hinton, to fill the place vacated by Mr. Pierce. It is rumored other important changes will be made in the near future.

Taylor at "Ingany" is hard to beat when it comes to putting the river between himself and justice; while Taylor of Washington, though he's never been on a stretch of that kind, alleges that he can't be distanced when he offers twenty pounds granulated sugar for \$1, and ten pounds of Arbuckle, Lion, Golden Rio or Levering coffee for \$1, and the best tobacco cotton at 2½c a yard, while Lancaster gingham goes at 5c.

Mr. Wm. Hoeflich, formerly of this city, was steward of the Atlantic Hotel in Norfolk, Va., when it burned recently. He had a narrow escape from death and was forced to leave the building without saving any of his personal effects. He has gone to Indianapolis where he will be steward of the University Club. Mr. Hoeflich states that the Williams syndicate, which owned the Atlantic Hotel, is to erect a twelve story building on the site of the Atlantic. It will be the successor of that hotel and will be the finest structure in Norfolk.

As a result of differences between the Adams Express Company and the station agents of the C. and O. railroad a strike is imminent, which can only be averted by conciliatory action on the part of the express company, says the Enquirer. The trouble dates from the latter part of 1901, when the express company issued a bulletin reducing the agents' commission on express shipments from 10 per cent. to 8 per cent. of the amount of expressage passing through the offices. This action was fought by the 200 agents of the C. and O. railroad, and unless the old rate is restored by March 7th nearly all of the agents from Cincinnati to Richmond, Va., have decided to hand in their resignations.

Mr. John L. Clarke, the well-known druggist of Vanceburg, has been quite sick for some time with some bronchial affection, which has given him much trouble for the past year. He has one of the nicest drug stores in Northeastern Kentucky for sale. Mr. Clarke and wife contemplate going to Colorado, and should the climate agree with him, they will remain in that State permanently; otherwise they will seek some other climate more congenial to both. Their friends hope that the health of Mr. Clarke will be fully restored and he may be permitted to enjoy life for many years yet. Mr. Clarke is well-known in both Mason and Fleming County. He was born in Lewis and was for some time engaged in teaching school before engaging in the drug business.

TAXATION MEASURES.

Two More Are Sprung In the Ohio House of Representatives.

BOTH INDORSED BY ADMINISTRATION.

Municipal Ownership Propositions Recommended For Indefinite Postponement—Bills Passed and Bills Introduced.

Columbus, O., Feb. 28.—Two more taxation measures were sprung in the house of representatives, one a bill by Mr. Cole to reduce the state levy, the other, a resolution by Mr. Fraser to change the method of assessing taxes for all purposes and placing valuable franchises upon the tax duplicate. The Fraser joint resolution will be supported by the state administration and will involve a change in the state constitution if adopted. The resolution provides that the question of an amendment shall be submitted to the people at the fall election of 1903. Its principal object is to tax franchises at a value to be fixed by the state legislature and the secondary to avoid the assessment of taxes upon the same property more than once.

The bill by Mr. Cole to reduce the state levy was decided upon at a conference in the governor's office between Governor Nash, State Auditor Guilbert, Secretary of State Laylin and several members of the legislature. The change made by the bill is very material since it only raises a little more than two millions of dollars, whereas the old levy brought about five and one-half millions into the state treasury. This difference is made up, however, by the operation of the Cole and Willis taxation bills, which have been passed in the house and which are now in the senate.

The standing committee on municipal affairs reported the municipal ownership bills offered by Mr. Bracken of Franklin county and by two members of the Cuyahoga county delegation, for indefinite postponement.

The following bills were passed in the house: By Senator Hosea, to authorize the county commissioners of any county to issue bonds not to exceed \$250,000 for the purpose of erecting a memorial building to ex-soldiers and sailors and pioneers (the bill carrying the referendum clause); Senator Crites, to require township trustees to keep the fences and grounds of abandoned cemeteries in repair; Mr. Rowland, to require low-water alarms to be placed upon steam boilers; Mr. Tenney, to increase the allowance for the burial of ex-soldiers and sailors from \$35 to \$50, to be paid by the county (the law being intended to include soldiers' wives or widows, mothers and army nurses).

Resolutions were adopted in the house as follows: By Mr. Meisel, for the appointment of a committee to investigate the canal system (made a special order for Tuesday); Mr. Thomas, to petition congress to amend the pension laws so as to apply to army nurses having served three months; Mr. Thomas, to investigate the state treasury; Senator Royer, to submit to vote an amendment to the constitution of the state to remove the double liability of stockholders in corporation (referred to judiciary committee.)

In the Senate.

Mr. Burnham introduced a measure providing for the appointment by the mayor of Hamilton, Butler county of a non-partisan police board for that town. This bill is said to be the result of the Democratic factional fight in Hamilton, and it is said further that the Schwab people are back of the bill.

The committee on privileges and elections reported in favor of Senator Hurst, the sitting member from Tuscarawas county, in the Taylor-Hurst contest, and the report of the committee was agreed to by a unanimous vote.

Bills were passed in the senate as follows: By Senator Patterson, amending the Boxwell school law (the bill making material changes in that it requires township trustees to pay tuition for high school graduates and makes examinations and commencement necessary); Senator Patterson, to change the law relative to placing school districts upon the basis of an incorporated village.

Bad Days For the Boers.

London, Feb. 28.—The war secretary, Mr. Brodrick announced in the house of commons that during the last two days 600 Boers had been killed or captured and that 2,000 horses and 28,000 head of cattle had fallen into the hands of the British troops. The prisoners include General Dewet's son and the general's secretary.

The decision of President Roosevelt that the Captains of the fleet were the ones who gained the victory at Santiago, ought to make that prize money weigh mighty heavily in Sampson's pockets.

Till the men who have been hounding Schley are removed from positions of official influence the President's patriotic task will not be accomplished. And in any case the popular appreciation of the victor of Santiago will remain undimmed. —Philadelphia Times (Ind. Dem.)

Kick 'em out, without ceremony. That's what they deserve.

The Senate Committee on State Prisons, which has been investigating the anonymous charges of drunkenness, gambling and other accusations against the officials of the Frankfort penitentiary and the Prison Commission, has completed its work and formulated a report which was signed by every Democrat on the committee. The two Republican members of the committee, White and Huntsman, stated that none of the charges had been sustained by any witness, but declined to sign the report because it contained no recommendation that the Commissioners be instructed to employ no official who drank or gambled when off duty and because the report contains no censure of a contractor who rewarded a few guards for extra good results in managing the convicts by giving them a small present. The report is a complete exoneration of all the officials from all the charges made and highly commends the Prison Commission and Warden for the excellent management of the prison. Like a good many other charges by Republicans, this was unquestionably an effort to manufacture a little campaign material.

THEY DON'T AGREE WITH THE PRESIDENT.

Some of the Republican journals of the better class do not approve President Roosevelt's judgment in the Schley case. Their criticism of his finding is very caustic. It is evident that they agree with a vast majority of the people that the naval clique and the President have grievously wronged one of the Nation's bravest and most gallant men. These three journals are very strong in their disapproval.

With this condemnation on technical grounds and with nearly unanimous popular approval Admiral Schley must be content. What history will say fifty years from now will at least be this: That no interest of the United States ever suffered that was in the keeping of Admiral Schley. —Detroit Journal (Rep.)

We think that it was entirely unnecessary for the President to give it as his opinion that the loop "was the one grave mistake made by an American ship that day." It is a gratuitous increment to the burdens of humiliation borne by a brave man who fought well and effectively in a great naval battle. —Minneapolis Journal (Rep.)

The President's assertion that the greater reward given to Sampson was justified is an assertion, nothing more. He produces no argument to sustain it. If, as he says, neither Admiral directed the fight, surely the one who led the fighting was entitled to equal honors with the man who was not there at all. —Pittsburg Dispatch (Rep.)

The bill to protect the border counties of Kentucky, by requiring non-residents to secure a license before hunting game in them, was adopted by the Senate Friday.

Baltimore, Feb. 28.—One of the most remarkable operations known to surgery was performed here. The brain of the Rev. William A. Stark, pastor of the Broadway German Methodist Episcopal church, of this city, has been actually lifted from its bed and the roots of certain nerves that had caused the clergyman excessive neuralgia were extracted. The patient is said to have stood the operation well, and few doubts of his recovery are entertained. The operation was performed at the Johns Hopkins hospital.

The Kentucky House, following the Senate's example, has passed the Farris bill, which makes more difficult any evasion of the local option laws. A Government license is made prima facie evidence of guilt. "C. O. D." shipments of liquor are made illegal, and the man who rents a place for use as a "blind tiger" is made equally guilty with the man who runs it.

FORTUNES IN OIL!

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPLE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State.

A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

The suit of J. D. Gardner against T. J. Winter & Co. for \$600 damages growing out of a sale of millet seed was decided Friday in favor of the defendants.

C. and O. train No. 1 was seven hours late Friday, and No. 3 was over two hours behind the schedule. The delay was caused by some trouble in the mountains, or east of that point.

If you need a good clock, we are offering some very low prices on clocks, in iron, bronze and enameled wood clocks, also in the old reliable oak and walnut clocks. All warranted reliable time keepers. MURPHY, the Jeweler.

BOARD OF EDUCATION.

Mr. Shanklin Resigns and Is Succeeded by Mr. Wm. Meenach—Business Transacted at Last Night's Session.

The monthly meeting of the Board of Education was held last evening. President Sallee in the chair and all members present except Messrs. Nesbitt and Shanklin.

The minutes of last meeting were read and approved.

The Secretary reported the collection of \$37.50 on tuition from non-resident pupils the past month, which sum he had turned into the treasury.

The Treasurer's monthly report was read and filed.

Claims and accounts amounting to \$116.55 were allowed and ordered paid, together with the salaries of teachers and janitors.

Mrs. Ennis Travis was elected janitress of the High School at a salary of \$15 a month, to fill vacancy caused by resignation of Mrs. Kinsler.

On motion of Mr. Schwartz the monthly reports of teachers were referred to the Committee on Examination. Mr. Schwartz thought the committee could do a good work by securing better attendance on part of pupils who are irregular. Heretofore little attention has ever been given these reports.

The Committee on Buildings was directed to place \$400 additional insurance on the colored school and \$100 on the piano in said building.

Mr. S. A. Shanklin's resignation as a member of the board from the Sixth ward was read and accepted. He had failed to qualify in the time the law specifies. Mr. Wm. H. Meenach was elected to fill the vacancy.

Mr. Heiser moved that all rules and regulations passed previous to Jan. 1, 1902, except those contained in the school manual of 1894-1895 be abolished. Mr. Hunter inquired what rules Mr. Heiser desired abolished. Mr. Heiser said he did not know just what rules there were except the rules of 1894-1895, which were contained in the manual and which they all had. He could not say whether any other rules had ever been adopted so he wanted to be on the safe side. The motion was adopted, Messrs. Hunter and Calvert casting the only votes against it.

The question of allowing a colored child living on Mr. J. G. Wadsworth's place to attend the city colored school was discussed for some time. The board decided that under the law the child could not be admitted unless the tuition was paid.

Special Notice.

For the next fifteen days we will offer our entire stock (recently purchased) at a big reduction. Solid silver, cut glass, watches, diamonds at a price that bars competition. All we ask is that you call and examine. To look is to buy.

The Court of Appeals has affirmed the case of Powell against the Commonwealth, taken up from Fleming.

The Board of Trade adjourned last evening to meet next Wednesday evening at 7 o'clock in Council Chamber.

In the Thatcher murder case, taken up from Fleming County, the defendant has entered a motion in the Court of Appeals that he be given until May 15th to file transcript.

Mrs. Margaret Daugherty, aged seventy-seven years, mother of Deputy Sheriff M. F. Daugherty, of Fleming County, died at her home near Elizaville Monday evening.

A tramp doesn't stand much show at East Highlands back of Aberdeen. One appeared there this week and was chased out of town by men and women, armed with clubs and guns.

Christian Church—Preaching to-morrow at 10:45 a. m. and 7 p. m. by the minister R. E. Moss. At 2 p. m. several converts from Murphysville will be baptised. The public cordially welcomed.

John M. Linney, seventy-four years old and the father of twenty-six children, died this week at Danville. Fifteen of his children are living in Danville. He recently came into possession of 1,500 acres of land near Crab Orchard Springs.

Don't forget the matinee at the opera house this afternoon. The "Two Orphans" will be the attraction. To-night the Imperial Stock Company close the engagement here with a "Man of Mystery." Admission to matinee 10 cents; to-night 10, 20 and 30 cents.

Rt. Rev. Lewis W. Burton, Bishop of Lexington, will visit Nativity Parish to-morrow, preaching at both services—at 10:45 a. m. and 7 p. m. At the latter service a class of candidates for confirmation will receive the Apostolic rite. The public most cordially invited to attend these services.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. VALUABLE

Hotel Property! FOR SALE.

The entire property of the Hotel Windsor Company will be offered for sale at public auction on the premises, at about the hour of noon, on

Wednesday, March 26th, 1902.

The property consists of the Hotel Building and lot on which it stands, on the corner of Main and Second streets, in Paris, Kentucky; hotel fixtures, furniture, bar, &c. The lot fronts about 108 feet on Main street and extends back to Pleasant street, a distance of about 225 feet. The building is a modern three and two-story brick in excellent repair, containing forty bed rooms and large halls newly papered and decorated. The office, dining-room and saunter rooms are very large and splendidly lighted. The beautiful court, along which is the dining-room, makes every room in the house an outside room. The entire house is equipped with electric bells, gas, electric lights and water. This is a rare chance for an investment or a hotel man. For further information and terms address N. H. BAYLESS, JESSE TURNER, Committee for the Company, Paris, Kentucky.

Commissioner's SALE!

MASON CIRCUIT COURT.

Mr. Clark, a prosperous young farmer of Fairview, and Miss Ida Yancey, one of our most estimable young ladies, were married at 5 o'clock last evening at the home of Mr. and Mrs. Sanford. A host of friends join in wishing them all happiness.

Messrs. Will and Chas. Wallingford, of Nepton, were callers here Wednesday evening.

Misses Lida Myall, Mamie Manley and Modena Devin were baptised by Rev. Jos. Severance at the Christian Church, Wednesday night.

The Bank of Mayslick will begin business next Monday in the property owned by Mrs. Morrissey. This building will be used as a bank until the erection of the new building on the lot selected. Come in with your dollars and cents and start your bank account so that business may be brisk from the start.

Rev. Father Hickey is very ill at his home near Mill Creek. For over thirty-five years he has labored for the good of his people, and his noble example has won the admiration and respect of all who came in contact with him. He never

turned a deaf ear to the wants of his flock, and never for an instant hesitated where duty called. His home has long been known as a refuge for the poor and homeless, regardless of creed. Many a wayfarer has had reason to bless this noble spirit who for over eighty years has so faithfully endeavored to "follow in His footsteps."

Ghosts would frighten many people who are not afraid of germs. Yet the germ is a real danger. If this microscopic animalism could be magnified to a size in proportion to its deadliness it would show like a giant python, or fire breathing dragon. The one fact to remember is that the germ is powerless to harm the body when the blood is pure. It is far easier to keep the germ out than to drive it out after it obtains a hold in the system. Dr. Pierce's Golden Medical Discovery is the most powerful and perfect of blood purifying medicines. It increases the quantity as well as the quality of the blood, and enables the body to resist disease, or to throw it off if disease has obtained a footing in some weak organ. Wherever the digestion is impaired, the nutrition of the body is diminished, for the blood is made from the food which is eaten, and half digested food cannot supply the body with blood in quantity and quality adequate to its needs. For this condition there is no remedy equal to "Golden Medical Discovery." It cures ninety-eight out of every hundred persons who give it a fair trial. When there is constipation Dr. Pierce's Pleasant Pellets will promptly relieve and permanently cure.
